

IAN DIVIDUAL

Melbourne, VIC • ian.dividual@example.com • 0491 570 156 • linkedin.com/in/ian-dividual-example

Education professional with ten years' experience across secondary teaching, learning program coordination and digital learning leadership. Led the rollout of a learning management system for 1,100 students and 85 staff, and piloted two classroom edtech tools in partnership with their developers. Now looking to bring classroom insight and school relationships into an edtech organisation focused on learning outcomes.

KEY SKILLS

- **School and stakeholder relationships:** Worked with principals, teachers and families across 12 partner schools, and with external tutors, funders and product teams
- **Digital learning and edtech:** Led platform rollouts and product pilots; co-wrote staff guidelines on using AI-supported feedback tools
- **Program and project management:** Planned and delivered multi-site programs to timelines and budgets, including \$180,000 in grant-funded work
- **Professional learning:** Designed and ran teacher training on digital tools; 40 staff completed a two-term program
- **Data and reporting:** Analysed platform usage and student outcome data to report to school leadership and funders

EMPLOYMENT EXPERIENCE

Digital Learning Lead | Gullhaven Secondary College, Melbourne 2021 – present

- Led the school-wide rollout of a new learning management system for 1,100 students and 85 staff, with 92% of staff using it weekly by the end of the first term
- Co-designed a two-term pilot of an AI-supported writing feedback tool in Year 9 English, including staff and student guidelines on appropriate use
- Partnered with a local edtech start-up to trial an adaptive maths platform, gathering teacher feedback that informed two product changes
- Built and ran a professional learning program on digital tools, completed by 40 teaching staff

Learning Programs Coordinator | Northvale Education Network 2018 – 2021

- Coordinated after-school STEM and literacy clubs across 12 partner schools, reaching around 600 students a year
- Managed relationships with school principals and a team of 30 volunteer tutors, including recruitment, training and rostering
- Wrote grant applications securing \$180,000 in philanthropic and government funding over three years

Secondary Teacher, Mathematics and Digital Technologies | Coralwood College 2014 – 2018

- Taught Years 7–12 mathematics and Years 9–10 digital technologies; Year 10 Coordinator from 2016
- Founded and ran a lunchtime coding club, growing from 8 to 45 regular students over two years
